Classes resume on April 1
PLEASE CLEAR EVERYTHING OUT OF YOUR BOOTBOXES

NANNY NEEDED:

We are looking for help in finding a fun, responsible and caring individual to help take care of our kids on weekdays. We are looking for someone full-time (40-45hrs per week Monday – Friday) who could ideally start soon. We have two sweet kids, 3.5 and 1.5yrs old, and a 3 year old dog who is very easygoing. If you know of anyone who might be a good fit, please contact me, Daisy, at: dklaibert@gmail.com. Thanks!

and the Office of the Chief Medical Health Officer**

Information for Students and Families

With the outbreak of measles in Vancouver, BC, families may be wondering what steps they can take to protect themselves from measles. Vaccination is the best method of protection. All school-age children and adults born in 1970 or later should have 2 doses of MMR vaccine for full protection. Most people born before 1970 are immune to measles because of past exposure or disease. Please take some time to check your vaccination records to see if you or your children need additional vaccination. Vaccination is available from physicians, pharmacists (for adults and children over 5 years), and public health units (for children). Call ahead to your healthcare provider to ensure that MMR is available at your appointment. More information about measles and MMR vaccine can be found at healthlinkbc.ca and immunizebc.ca.
